Dear Member,

To ensure that we have the correct information regarding your club/society on our data base could you please complete the following details

As you are aware The Federation now has its own website (details above) where member clubs can share their contact details. Many clubs are already doing so but if you are not using this facility and wish to please indicate with a tick the details you wish to be displayed

If your club/society has its own website, this can also be displayed via a link from the Federation's website, enabling a far wider audience to see your activities and events that you may wish to advertise - all publicity is good publicity! It would also be beneficial if you could provide a link from your own website to The Federation website.

Club/Society.....

Chairman:..... **Secretary**

Address:..... **Address:**

.....

.....

Postcode:..... **Postcode:**

Tel:..... **Tel:**
